

HH Rental A/S is a Danish rental company specializing in the purchase, rental and sale of Scania trucks. Our concept trucks are characterized by a particularly high standard. This applies to both equipment level, drivetrain and structure.

<b>Internal vehicle number</b>	HHR28
<b>Model year</b>	2023
<b>First registration</b>	<b>22-06-2023</b>
<b>Chassis number</b>	YS2S6X20002197497
<b>Origin</b>	Denmark (DK)
<b>Scania Service Agreement</b>	With (can be taken over)
<b>Building</b>	HHR basis
<b>Condition</b>	Very Good
<b>Hydraulic system</b>	With
<b>Delivery</b>	By appointment

HHR28 is one of HH Rental's concept trucks. This means we have handled everything from ordering to delivery. The car was purchased from a Scania dealer in Denmark.

Construction takes place in our own bodybuilder workshop and consists of many different modules that are put together and mounted in this process. This ensures an affordable high standard and not least that we always have parts in stock, both in connection with repairs or damage.

Scania's Next Generation has been a sought-after truck since it was launched on the market in 2017. A reliable vehicle, with excellent comfort and operating economy.

Furthermore, it can be seen that Scania trucks with the right configuration may have a different resale value and consequent depreciation profile than other brands.

In our sales presentation there are specifications and pictures of the vehicle.

Questions should be directed to [jesper@hhrental.dk](mailto:jesper@hhrental.dk) or by phone **+4572408280**.

**HHR28** is built with HH Rental's modular program, at JH Diesel A/S, Denmark. Here, a close dialogue is ensured between landlord and builder, with the customer at the center. The majority of superstructure works are outlined in build packages, ensuring faster assembly and accurate pricing of superstructures. There may be equipment fitted, which is not mentioned.

<b>HHR basic package</b>	With (HHR start up built package)
<b>HHR lighting package</b>	With
<b>HHR foil package</b>	With
<b>Original side skirts</b>	Without
<b>HHR side skirts between axle 1 og 2</b>	With
<b>HHR tool box right hand side</b>	Without
<b>HHR side skirts between axle 2 og 3</b>	With
<b>HHR aluminum cover rear cabin</b>	With

<b>HHR microwave oven cabin</b>	Without
<b>Special interior cabin</b>	Without

Chassis specifications **from the factory** are indicative, where each vehicle may be equipped differently than described. There may be equipment that varies between engine variants and cab type. There may be equipment fitted that is not mentioned.

<b>Chassis adaption and wheel configuration</b>	A6x2
<b>Chassis</b>	6X2
<b>Suspension type</b>	Full air (B)
<b>Placement steering wheel</b>	Left side
<b>Wheel base</b>	3150mm
<b>Frame overhang (JA-measurement)</b>	2015mm
<b>Legal weight 1. axle</b>	8000kg
<b>Legal weight 2. axle</b>	11500kg
<b>Legal weight 3. axle</b>	7500kg
<b>Light package</b>	LED premium
<b>Driver package</b>	Driver+
<b>Storage pack</b>	CS Sleeping cabins+
<b>Upholstery package</b>	Black leather with (V8, red stitching)
<b>Infotainment package</b>	Infotainment with navigation
<b>AC Control package</b>	AC with automatic heat adjustment
<b>MCC painted front grill package</b>	Front grill black
<b>MCC package</b>	Level 3 without side skirts

<b>Gearbox</b>	Gearbox G33CM
<b>Opticruise</b>	With
<b>Opticruise program</b>	Economy, standard, power
<b>Cruise control with active prediction</b>	With
<b>Active prediction speed adjustment</b>	Standard and economy
<b>Kickdown</b>	With
<b>Clutch</b>	Manual and automatic
<b>Manual clutch pedal</b>	With
<b>Differential lock</b>	Manual
<b>Differential</b>	R885
<b>Differential ratio</b>	2,69:1
<b>March speed</b>	92km/t
<b>PTO type ED (engine power output)</b>	ED160 mounted
<b>PTO EG bag type (Gearbox PTO)</b>	EG11R DDP1P1 mounted
<b>Fuel volume left side</b>	565 liters
<b>Fuel volume right side</b>	310 liters
<b>FOU-unit</b>	Fuel tank left and back
<b>SCR-tank under LHS</b>	76 liters (usable 58 liters)
<b>Chassis frame type</b>	F950
<b>Bogie load</b>	11.500kg and 7.500kg
<b>Axle lift for trailers</b>	With
<b>Alternative driving levels</b>	1 extra driving level
<b>Weight transfer</b>	With
<b>Front axle anti-roll bar</b>	Extra stiffness 1 front axle
<b>Battery</b>	230Ah
<b>Battery location</b>	Rear
<b>Generator</b>	130A
<b>Preparation for collect</b>	With
<b>Tire type front axle</b>	385/65R22.5 Winter Steer Michelin
<b>Tire type rear axle</b>	315/70R22.5 Winter Drive Michelin
<b>Tire type bogie axle</b>	315/60R22.5 Long Haulage Michelin
<b>Rims front axle</b>	22.5x11.75 aluminum DuraBright
<b>Rims drive axle</b>	22.5x9.00 aluminum DuraBright

<b>Rims bogie axle</b>	22.5x9.00 aluminum DuraBright
<b>Brake system</b>	Disc brakes
<b>Brake activation</b>	Electronic (EBS)
<b>Hill hold</b>	With
<b>ESP</b>	With disconnection
<b>APS</b>	With extra tank
<b>Parking brake</b>	Manual
<b>Brake cylinder front axle</b>	Membrane
<b>Brake cylinder rear axle</b>	Membrane and parking brake
<b>Brake cylinder tag axle</b>	Membrane and parking brake
<b>Retarder type</b>	R4700D
<b>Trailer brake addition</b>	With
<b>5th wheel</b>	JOST air displaceable 230mm plate iron
<b>BCI controller</b>	With
<b>Symbols in the building instrument</b>	Standard
<b>Builder cable</b>	3 pieces 7-wire
<b>Cable length</b>	8m
<b>Cables in sealing</b>	With
<b>Cables routed in the ceiling</b>	With

<b>Actual front axle weight</b>	6.429kg
<b>Actual bogie axle weight</b>	3.373kg
<b>Actual total weight</b>	9.802kg

There may be equipment from the chassis that has been removed in connection with the construction of the vehicle, just as there may be equipment that has been rebuilt or modified in the same connection.

There may be equipment and effects replaced during operation in connection with conversion or wear and tear that have been replaced with another type or make.

Conversion or modification may have taken place after the vehicle has been photographed, which is why the images may show a vehicle before it has been rebuilt or modified.

All decorations on the paintwork are made of foil that can be removed. The foil may have changed in connection with customer switching.

Inquiries to be directed to Jesper Hansen, at [jesper@hhrental.dk](mailto:jesper@hhrental.dk) or by phone **+4572408280**.
